Student Satisfaction Survey (SSS)

2024-25 (Criterion -1)

The student's feedback form was planned for improving the quality of teaching and learning process which strengthens the academic standard of the college. The main objective of the student's feedback survey was to analyze and improve teaching in future. The purposive total sample of 322 students participated in this survey having more than 75% attendance in their classes during the current session (2024-25). The PG and UG students were taken from commerce, arts and science streams. The feedback form has 10 parameters about teaching and learning process with five points scale.

Observations in Feedback by the Students:

Findings/observations discussed by data collected in survey through questionnaire revealed that more than 55.9% students agreed that 85% to 100% syllabus was covered in the class while less than 1.9% students said that only below 30% syllabus was covered in the class.

More than 58% students agreed that their teachers satisfactorily prepared for the class while 29.8% students said that teachers prepared thoroughly for the class.

59.9% students said that the teachers were able to communicate effectively always while 18.9% students agreed that the teachers effectively communicated only sometimes.

34.5% students remarked that the teachers' approach was excellent and students were capable to understand the topic very well while 20.8% students said that the teachers approach towards teaching was good.

53.4% students responded that the teachers were always fair in internal evaluation process while only less than 2.2% students said that the teachers were not fair in internal evaluation process.

50.9% students agreed that the teachers every time discussed their performance with them while 14.3% students said that teachers discussed their performance with them only sometimes.

47.8% students said that the teachers every time informed about their expected competencies, course outcomes and programme outcomes to the respective students while 14.9% students said that the teachers informed them the same only sometimes.

41% students agreed that their mentors took a necessary follow up with them every time while less than 12.4% students agreed that their mentors occasionally took the necessary follow up with them.

54.3% students said that the teachers illustrated the concepts through examples and applications every time while less than 3.1% student said that the teachers rarely explained the concepts through examples and applications.

52.2% students agreed that the teachers fully identified their strengths and encourage them to take correct decisions against challenges while less than 8.1% students said that the teachers rarely identified their strengths and encouraged them to take correct decisions against challenges.

The main objective of this feedback is to find out the student's level of perception for the teaching learning process as adopted by the college. The students expressed their high satisfaction level for syllabus completion, fair internal evaluation, teaching methodology, communication skills and overall effectiveness of the teacher in class room. The overall quality of teaching-learning process is excellent as explored by the students.
